

Cologne, 18 August 2008
FTO/ (R0) 2008

Subject: Invitation to the workshop "Working together for the Single European Sky" on 16 October 2008.

Dear Madam or Sir,

It is my pleasure to invite you to a one-day workshop on co-operation between European stakeholders in the area of the Single European Sky (SES). The workshop follows the latest legislative proposals of the European Commission (the SES II package), published on 25 June 2008¹. The workshop will be held in Cologne on 16 October 2008.

While the legislative package is being discussed by the Parliament and Council, it is our intention to debate with stakeholders how the main European partners can work together successfully in this project. Stakeholders include the European Commission, EASA, EUROCONTROL, the SESAR Joint Undertaking, as well as industry and social partners.

The programme and further information about the event will be published on the EASA Website at http://www.easa.europa.eu/ws_prod/g/g_events.php

You are kindly requested to indicate your interest by completing the registration form and sending it by email or fax before 8 October 2008.

The workshop is for registered participants only. Due to capacity constraints, registration may have to be limited to two representatives per organisation, and on a first come, first serve basis (maximum 200 participants). Participants will receive a confirmation.

For additional information, please contact Savina Zakoula at savina.zakoula@easa.europa.eu or +49 221 89990 2008.

Yours faithfully,

P. GOUDOU
