

EASA International Pilot Training Conference

Agenda

24 November 2009

This is the final agenda for the Pilot training conference to be held in Cologne on the 24th November 2009. We are delighted to say that we have had a large response to the invitation to attend this unique gathering of training experts.

You will see from the calibre of speakers that we have attracted that this should prove to be a most informative and useful gathering.

To be clear this is not a rulemaking initiative by EASA, more a proactive response to what appears to be a global consensus that an increased focus on Training is necessary.

We look forward to meeting you on that day.

08:30	Registration	
09:00	Opening Remarks	Annette Ruge Flight Crew Licensing Manager, EASA
